International Policy

- Lubotskaya A. S.* The origins and causes of the internal political crisis in Greece
The internal political situation in Greece developed under the influence of a complex of multifaceted factors. Their analysis allows to better understand the events taking place in that country 7
- Pimenova E. V.* To overcome history: The "Germany" brand and leadership in Europe
For many decades, Germany has been acquiring firm and indisputable image of the EU "locomotion" while staying open to criticism of its Nazi past. In order to avoid any accusations of expansionism, revanchism and associations in conducting Nazi propaganda, Germany is forging multifaceted and effective tools for creating a positive image of the country on the international scene 22
- Terekhov V. F.* Japan after the "Great East Coast Earthquake"
The Great East Coast Earthquake that took place on March 11, 2011 and led to "a three-fold national catastrophe" has caused a deep wound on the "body" of Japan. It has inflicted a substantial damage, but was not able to stop the country's "normalization" process dealt with all consequences for political situation in the APR 34

New Eurasia

- Bukarsky V. V.* The role of the Russian Orthodox Church in the process of political integration of Eurasian space
The article provides a view on the role of the Russian Orthodox Church as socio-spiritual institute of modern Russia in the process of political integration of post-Soviet (Eurasian) space. The author considers the participation of the Russian Orthodox Church in the process of integration through the prism of Patriarch Kirill's ideas of the "Russian World" and the specific organizational arrangements for the establishment of new dioceses in several countries – potential members of the Eurasian Union 57
- Abramenkova V. V.* Our future through the eyes of a child
Social psychology of childhood demands long term studies of world pictures of modern children in the way they perceive their country, the world at large, and themselves. Content analysis of essays and drawings made by children from various areas of Russia shows a distortion of children's vision of the world and traces the negative dynamics in perceptions of the future 69

Defense and Security

- Zakharov V. M.* The state and prospects for development of the Collective Security Treaty Organization
The article, dedicated to the 20th anniversary of signing the Collective Security Treaty (CST) and 10th anniversary of the establishment of the Collective Security Treaty Organization (CSTO), describes the formation, aims and tasks of these political-military alliances. Special attention is paid to the future development of the coalition rapid reaction units and regional CSTO bases 84
- Konyshchev V. N., Sergunin A. A.* Barack Obama's new military doctrine
According to the new U.S. military doctrine that was published on January 5, 2012, both defense spending and American military presence abroad will be decreased. This doctrine doesn't perceive Russia as an adversary and formally is of less aggressive character. However, its implementation may have negative impact upon Russia's security 98

Economy

- Glushchenko Y. N.* National debt and federal deficit in the context of financial stability in the USA
The article analyses main reasons and problems of unprecedented growth of US the US public debt and interparty arguments on budgetary issues, as well as the role

of the US Treasury Department and the Federal Reserve System in providing financial and economic stability and regulating international flows of credit 114
